

Umedo Group

QUALITY POLICY STATEMENT

UMEDO GROUP LLC shall exceed our customers' expectations by developing, producing and delivering safe and effective medical devices.

The organizational objectives are to invest into people's future, develop innovative technologies and produce modern medical devices.

UMEDO GROUP achieves its objectives through:

- implementation and improvement of Quality management system, that complies with highest international and national standards;
- constant development and improvement of medical devices quality;
- permanent monitoring of customers' expectations and satisfaction;
- complying with regulatory requirements based on quality and safety.

Company's Quality System describes the definition of responsibilities and operating procedures in order to meet the requirements of the Quality Standard DSTU EN ISO 13485:2018.

We are aiming for continual improvement of the Quality System by reviewing and developing the Company's procedures.

Reviewing and improving the company's procedures, we are striving for continuous improvement of the quality system, creation of an integrated system through the implementation of environmental management (DSTU ISO 14001:2015 "Environmental Management Systems. Requirements and Guidelines for Application for Use") and DSTU ISO 45001:2018 "Occupational Health and Safety Management Systems - Requirements with Guidance for Use".

Any suggestions regarding the improvement the quality of our work should be sent to e-mail: umedogroup@gmail.com.
